It all started with a denim shirt...

At just 16, Milton Rubin arrived in America with nothing but determination and a dream. In 1944, he and his three sons—Don, Bob, and Phil—founded M. Rubin & Sons in New York City, specializing in uniforms and fashion apparel.

Decades later, the third generation carried that vision forward. Phil's son, Eric, introduced a single denim shirt to the promotional products market under the Blue Generation label. Combining their longstanding expertise in uniforms and fashion and bringing it to a new industry.

Gaining a reputation for its innovation and enduring values, Blue Generation was honored as Family Business of the Year by ASI. Today, the company is a trusted Top 20 Supplier.

In 2024, Eric's son, Matt, joined the business as the fourth-generation Rubin. By 2025, ASI recognized him as a Rising Star for his forward-thinking approach and eye for an evolving market.

For over 80 years, the Rubin family has proudly upheld a name built on integrity, quality, and trust. Our story is more than apparel—it's a legacy of family and heritage.

And it all started with one denim shirt.

BLUXDRI
MOISTURE WICKING

Look for the logo

The ultimate solution to staying cool, dry and comfortable.

Blu-X-Dri pulls moisture from your skin to the surface, quickly evaporating to keep you cool and dry. Made from 100% polyester, these shirts are built to perform. Stain release, wrinkle resistance, and color lock tech keep you looking sharp all day.

What We Build Today, the Future Inherits.

As a fourth-generation family business, we've always believed in building things that last: products, relationships, and a healthier planet.

For years, we quietly reduced our carbon footprint, not for applause, but because it was the right thing to do. Today, we're speaking louder: **the mission is urgent.**

We prioritize sustainability throughout our vertically integrated operations. From in-house production of trims, yarn, and fabric to dyeing and sewing, we use eco-friendly energy, water purification, and advanced technology to minimize waste and reduce our environmental footprint. These choices aren't just operational, they're deeply personal.

We are boldly committed to sustainability, innovation, and accountability so that generations to come inherit not just a thriving company, but a thriving planet.

This is only the beginning.

Welcome to the

Blue Generation proudly introduces the BG Studio Collection — an evolution of our brand that brings modern style, refined fits, and an updated approach to the workplace.

Fashion is reshaping the uniform market, driving demand for retail-influenced silhouettes, upgraded fabrics, and on trend styling. BG Studio answers that shift with contemporary shapes, elevated finishes, and purposeful

performance so teams can look polished while moving comfortably through a busy day.

We've reimaged the modern uniform with soft, stretchy fabrics like matte jersey — a luxe, breathable knit with effortless drape, and all-day wearability that offers freedom of movement. Complete the

outfit with our Studio Compression Knit Stretch Pant for a flattering fit, and make the transition effortlessly from 9-5 to after hours.

Sustainability is woven in from the start. Our new polos are made from 100% recycled polyester, giving post-consumer

plastic bottles a stylish second act. And our new 4-Way Stretch Wovens, crafted with recycled polyester, offer breathable structure that moves with you — all while reducing environmental impact.

For a more leisurely landscape, our upgraded printed rayon challis camp shirt delivers a soft, silky drape that feels as good as it looks.

BG Studio has you covered

So whether you're heading into the office, working from anywhere, or making moves after hours, BG Studio has you covered with versatile pieces that are built for the way you live now.

Destination Sublimation

Elevating the everyday
to the exceptional.

Bring your brand to life

with fully custom sublimation
for hoodies, fleeces, polos,
and woven shirts.

Transform your vision into vivid,
full-color apparel with maximum
impact and unmatched style.

Why Sublimation?

Sublimation delivers vibrant, long-lasting color that
won't fade or wash out.

No Color Limitations

You can print any color or design.
Sublimation ink can produce
an infinite number of
colors and shades.

Customization and Personalization

You can create unique designs
on demand that are tailored
to your specific needs
and preferences.

Soft and Comfortable

Sublimation dye is absorbed
into the fibers of the fabric,
keeping the beautiful
wearing properties of
the fabric preserved.

Eco-Friendly

Sublimation printing uses
water-based inks without
harmful solvents, creating
bold, permanent designs
without excess waste.

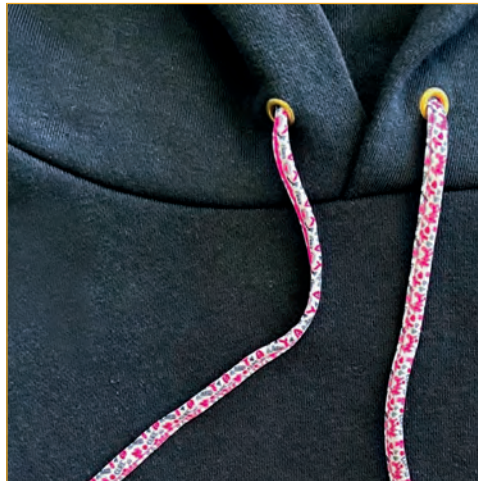

With no screens, chemicals,
or water baths required,
sublimation offers a
cleaner, more sustainable
alternative to traditional
printing methods.

Let Your Imagination Guide You!

Our customizable options are endless. Whatever you can dream up, we can help you create it.
